collection

## PANEL collection

Panel blinds are a modern and chic shading solution for larger windows, bi-fold or patio doors and can also be used as room dividers.

The blinds encompass large panels of fabric which stack neatly behind one another when open, allowing maximum light into the room. To control light, reduce glare and increase privacy, simply slide the panels to the required position.

Available in a wide range of exciting prints and textures, panel blind will transform the look of any room with their contemporary style and sophisticated appearance.

## EFFICIENT & safe

Our panel blinds are designed not only to be long lasting and look fantastic, but to be energy efficient and child safe too.

Energy saving fabrics reduce solar gain during the summer months and help to insulate your home through winter.

Our window shades are always designed with safety in mind which is why we recommend wand operation for panel blinds.
