VERTICAL collection

Vertical blinds offer the ultimate in shading flexibility and privacy along with modern clean lines and stunning fabrics.

Our made to measure vertical blinds can be drawn neatly to the side to offer you unlimited views, or the louvres can be rotated to allow just the right amount of light into the room to maintain an element of privacy. They are an ideal option for wide windows as well as narrower ones.

There are fabrics within our range to suit every room, colour scheme and shading requirement, whether it be a light filtering, dimout or blackout fabric.

The contemporary new vertical blind fabric collection has been designed to allow you to add your own style and personality to your blind, by mixing and matching patterned, plain and textured fabrics, to create a statement feature blind.
