CUSTOMISED cassettes

Visage® blinds can be finished off beautifully with an Open Cassette available in a range of colours from white, black, bronze, chrome or satin, or in a Closed Cassette in white or black, both ideal for neatly concealing the mechanism of the blind.

These beautiful cassettes can be coordinating or contrasting to the fabric, and the additional option of having a matching fabric profile in your cassette allows for a truly personalised window furnishing.

SOPHISTICATED & stylish

Visage® is made up of two layers of soft fabric connected by horizontal sheer vanes that gently filter sunlight whilst maintaining different levels of privacy and UV protection as the blind is raised or lowered.

The blind can be fully raised to give a full outside view, it can be lowered with the sheer vanes aligned to control the light and retain a view with some privacy during the day, or it can be fully closed for total privacy in the evening.

LUXURY motorisation

Increase privacy levels and filter daylight more conveniently with the addition of luxury motorisation for your Visage® blind.

Using the rechargeable battery powered motor with remote control, you raise or lower your blind at the touch of a button.

One Touch® battery powered motors require no wiring, making installation quick, clean and simple.
