

# EDMUND BELL VOILES & SHEERS

## Flame Retardant Curtain Voiles & Sheers

Our new Viva collection of flame retardant Voiles & Sheers will add a new dimension to window decoration. By using a variety of intricate weave styles we have created organzas, textured voiles and linen effects in a selection of colours.

The Connoisseur Slub Taffeta Sheer fabric continues to mix contemporary decoration with functionality. Like all our voiles, these lightweight fabrics all meet a number of flame retardant standards.

### Connoisseur FR
